# Logging in with Your Device

After enrolling in Online Banking, log in to your mobile device and choose to register or to receive secure access codes.

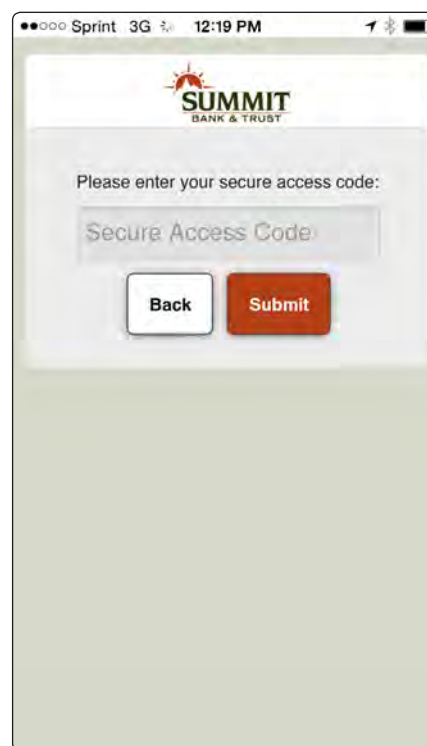

Log in using the same username and password as Online Banking.

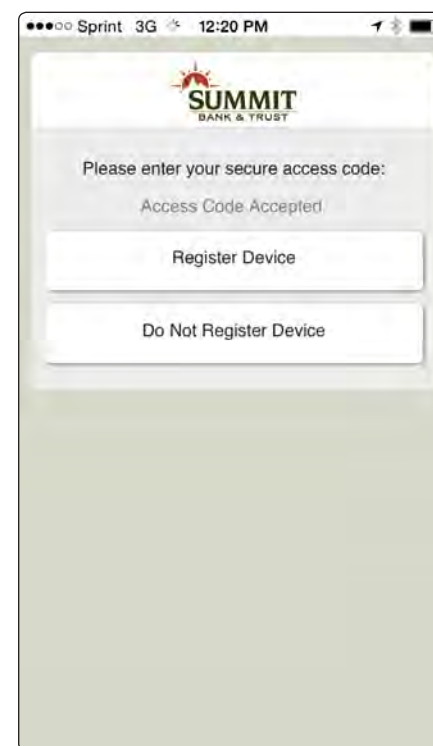

Select the delivery method for the secure access code.

Once the code is received, enter the access code and select [Submit].

Select [Register Device] if you do not want to enter an access code for each use on the current phone or [Do Not Register Device] if you would like to receive access codes.

# Using Mobile Remote Deposit Capture

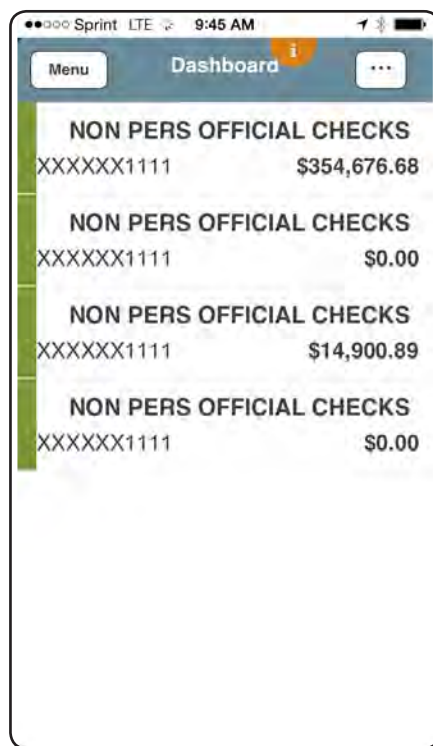

Once you are logged in to Mobile Banking, proceed to the Dashboard where you can choose to deposit a check.

This screen will appear after a successful login.

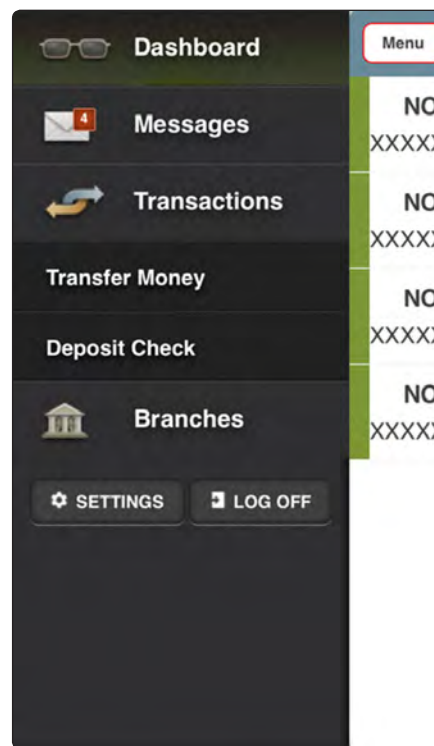

The accounts linked to your Online Banking username will appear on the screen.

Select [Menu].

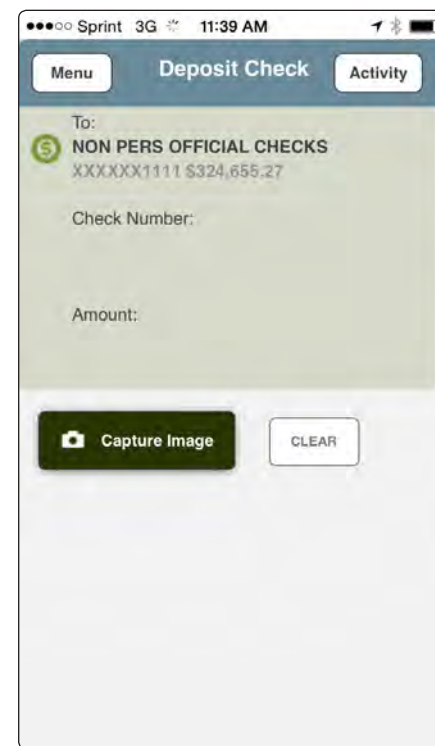

Select [Deposit Check].

Tap on the [To:] box.

Select the account you would like funds deposited to in the drop-down menu.

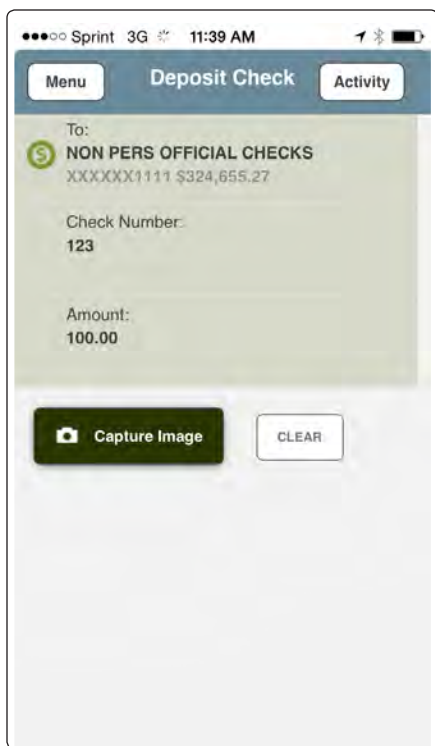

# Using Mobile Remote Deposit Capture

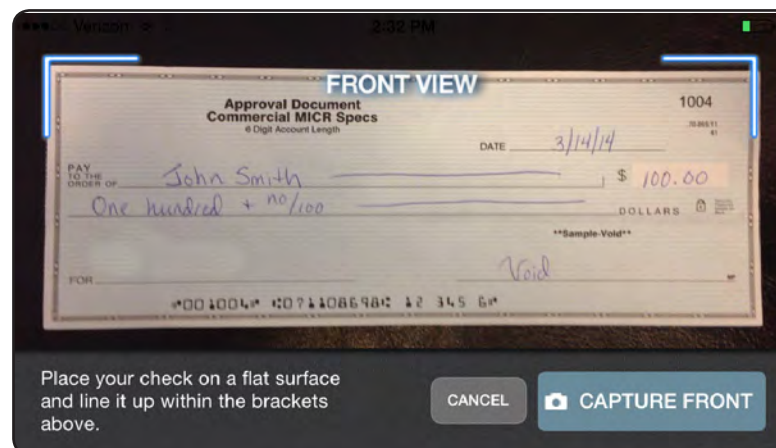

Enter the details of your deposit and take photos of your check.

Enter the Check Number and the Amount of the check being deposited.

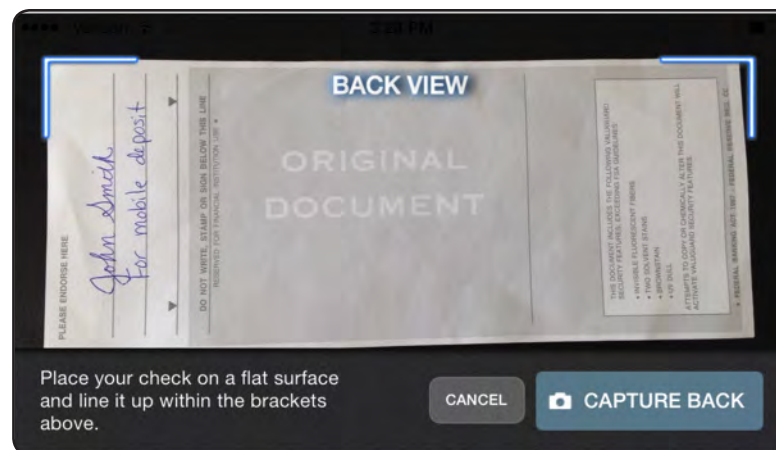

Select [Capture Image].

Line up the check to the brackets and select [Capture Front].

Line up the check to the brackets and select [Capture Back].

# Using Mobile Remote Deposit Capture

Review the check images and submit your deposit.

Review the images of both the front and back of the check.

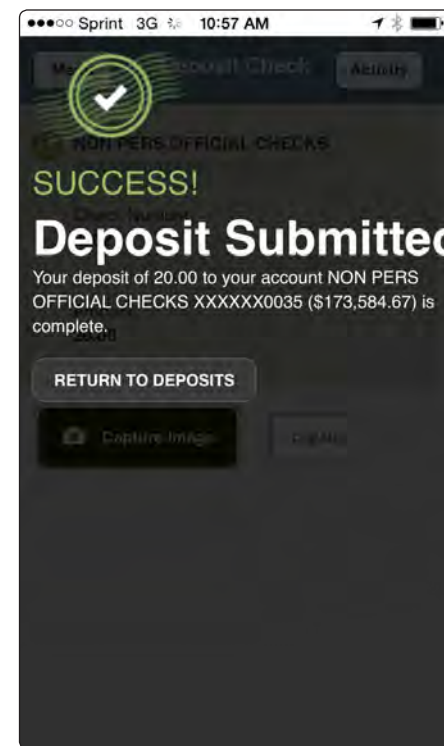

Click on [Retake Front/Back] to retake a photo that is unclear.

If both images are clear, select [Submit Deposit].

A confirmation message will appear if the deposit was successful and passed all the real-time image reviews.

# Using Mobile Remote Deposit Capture

NOTE: The following errors could appear for the customer to retry the deposit.

- Please retake photo. Have steady hands, good lighting, and four check corners visible.
- Could not find endorsement on back of check: make sure check is endorsed! Retake photo.
- This check has already been submitted. We cannot accept it again.
- Blurred image. Please retake photo. Hold camera steady and possibly also a bit farther away.
- Cannot find check in the image. Please retake. Ensure focus and four corners visible.
- Check picture is too small. Please retake. Move closer; ensure focus and four corners visible.
- Shadow detected. Please retake photo with good lighting. Ensure focus and four corners visible.
- Low contrast detected. Please retake with darker background. Ensure focus and four corners visible.
- Cannot read acct. data on bottom of check. Please retake. Ensure focus and all four corners visible.
- Significant rotation detected. Please retake photo. Keep check upright and four corners visible.
- Large angle detected. Please retake photo. Hold phone flat above check and four corners visible.
- It appears you submitted 2 images of front of check. Please retake both front and rear photos.
- The amount you entered did not match the amount detected. Please re-enter amount and retake photo.
- One or more Check tests failed. Please retake photo: focused, well lit, all 4 corners visible.

If there is an error with the deposit, a message will be displayed on the screen and the option to [Return To Deposits] is displayed.

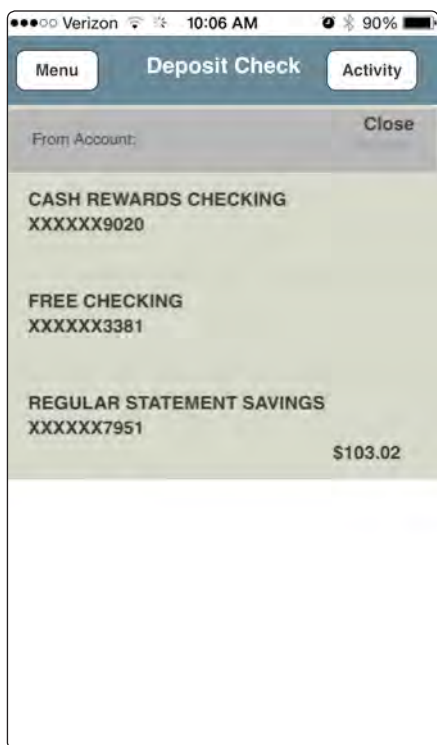

# Using Mobile Remote Deposit Capture

If an error occurs with the deposit, selecting [Return To Deposits] takes you back to the Deposit Check screen.

From the Deposit Check screen, select the [Activity] option.

Tap on the deposit for the details.

If the deposit was rejected after the real-time review, the reason will be shown. This will typically be if the check was over the deposit limit or if it had already been deposited.

# Using Mobile Remote Deposit Capture

Remote Deposit History can also be seen on Online Banking by selecting the [History] menu.

- 1 Select [History] from the Accounts menu.
- 2 Select [Mobile RDC History].
- 3 A history of transactions for remote deposit will appear including the status of the deposit

## Quick tips for using Mobile Remote Deposit Capture

- Deposits, made before 6:00 p.m., will normally go through within one business day.
- Save the check until the amount has posted to your account.
- Use Mobile Remote Deposit Capture in a well-lit area to ensure the check images are correctly captured.
- Keep hands clear of the check when photographing. For best results, lay the check on a flat dark surface with moderate light.
- To avoid a deposit error, make sure the check is not folded or torn.
- Make sure the entered check amount matches the amount on the check.
